“Yes, Tiki does it.”
Tiki strives to be a powerful Open Source Wiki / Content Management System / Groupware, therefore it has its own issue tracker.
Learn more about why we are eating our own DogFood.

Users

- Report a bug or suggest an enhancement
- Review your wishes
- Send suggestions in comments
- Submit a merge request

You are welcome to be **come a developer**!

Developers

- Browse the full list of submitted bugs
- Search reported items
- Respond to reports made via the tracker
- Change the status of the tracker items
- Discuss ideas and plan new features

Visiting here for the first time?

Please do read How to Submit a new item on the Wishlist before submitting a bug or feature request.

The information on that page will help you to understand what the different fields mean and what to include in your submission.
Plugin execution pending approval

This plugin was recently added or modified. Until an editor of the site validates the parameters, execution will not be possible. You are allowed to:

- View arguments
