"After 10 years, I'm stopping my work on sabre/dav" but the fantastic community has stepped in and SabreDAV is being maintained, and Version 4 is on the way

See also: https://packagist.org/packages/sabre/dav

SabreDAV supports:

- **CalDAV**: Done in Tiki21: https://sourceforge.net/p/tikiwiki/code/71008
- **CardDAV**: Todo in 21 or 22
- **WebDAV**: Done in Tiki20

Evert Pot, SabreDAV project leader, made a presentation at a TikiFest. Click second image on the left at http://recordings.blindsidenetworks.com/citadelrock/d559965849921585c1849af03b7a51638700d979-1398278051518/presentation/
