

Comment

Related: [Karma](#)

Other wishes:

- 9x: can't use plugin helper when posting a comment. Click question mark and try to use the CODE plugin
- ~~9x: can't edit comments anymore (was possible in previous versions of Tiki)~~
 - Was re-added later
- tiki-user_information.php is missing tracker comments
- WYSIWYCA for [Karma](#) related things (filters, etc.)
- ~~New comments admin panel done in [Tiki6](#)~~
- Trunk 2009-10-12: comment filtering: Style is always threaded
- Trunk 2009-10-12: comment filtering: Add a threshold to show (now hard coded to 10)
- ~~Trunk 2010-09-08: for anon comments, it asks email, but it should specify that this email will not be made public~~
 - Could be nice to tie this into [watch](#) - planned for [Tiki7](#)
- ~~Trunk 2010-09-08: If I make a comment on a page "Hello", after saving I am sent to tiki-index.php#comments instead of tiki-Hello#comments (so I can mail the URL to a friend)~~
- tiki-list_comments.php is missing tracker comments (9.0)
- users/admins can't edit comments
