Description

Using 1.9.7 or 1.9.cvs from mid july 2007, and mysql 4.0.x

When clearing cache through "Admin > System Admin", for instance (tiki-admin_system.php?do=templates_c), I hit a warning mysql error:

Warning: mysql error: Duplicate entry '0' for key 1 in query: insert into `tiki\_logs` (`logtype`,`logmessage`,`loguser`,`logip`,`logclient`,`logtime`) values (?,?,?,?,?) in /home/virtual/site21/fst/var/www/html/tikiwiki/lib/tikidblib.php on line 134

Looking at tikilog table in tiki db, I see:

0 system erased templates_c content Xavi 161.116.71.36 Mozilla/5.0 (Windows; U; Windows NT 5.0; ca; rv:1.... 1186492878

When I delete this record from the db, then Tiki can delete templates once (through "Admin > System Admin"), but if I attempt to do it a second time, I get the same mysql error message.

It looks as if those actions are not saved with the right logId number, but to logId=0

This happens to one of the tikis I admin at:
