2.x

Category

- Feature request

Feature

Wiki (page view, edit, history, rename, etc)

i18n (Multilingual, l10n, Babelfish)

Edit interface (UI)

Submitted by

Marc Laporte

Rating

★★★★★ (0) 

Description

When you edit a wiki page, you can indicate what you did. Good.

But if you leave it empty, visitors have no indication of what you did. Maybe we could add some of the ideas of wiki-translation.com (Quantify change size) to have an automatically generated message.

Some examples:

- minor change
- 10 words changed
- 15% changed
