Description

Features would be:

- Ability to select how many rows/columns for presentation
- Embeds photo, flash or just a link based on file type
- Clicking the image or link starts download of the file (if allowed)
- Ability to view full size image
- Ability to open a slide show

Would include last comments to each file. Related:

Comments to individual files in file gallery

File Gallery should include .pdf viewer. Most files uploaded are .pdfs. Need reader to be able to view documents online without download or print.

SEWilco 31 Jul 08 18:46 GMT-0000

The PDF viewer comment is related to Bug 1799 text viewer suggestion.
