Anonymous users can see can view polls even though they don't have tiki_p_vote_poll

These files need to be checked:
- tiki-old_polls.php
- tiki-poll_results.php
- tiki-poll_form.php

Setting that anon can vote in polls needs to be checked too.
- tiki-admin.php?page=polls

Sorry not to have a clearer bug report. Short version is that permissions for polls don't work as expected in 1.9.0

Please also see tracker #278
