Description

After unzipping and uploading, OR uploading and uncompressing, php pages doesnt open, with error

Internal Server Error

The server encountered an internal error or misconfiguration and was unable to complete your request.

Please contact the server administrator, webmaster at themediamonkeys.com and inform them of the time the error occurred, and anything you might have done that may have caused the error.

More information about this error may be available in the server error log.

Additionally, a 404 Not Found error was encountered while trying to use an ErrorDocument to handle the request.

<http://themediamonkeys.com/tikibeta/>

actual site is working fine at <http://www.themediamonkeys.com>
