Description
: Hi,

When I test the quizzes feature, I see the countdown doesn't work.
I investigated the code and found the problem.
In the template tiki-take-quiz.tpl, there is a line:

```
itid = window.setInterval('settimeleft();',1000);
```

The right syntax is:

```
itid = window.setInterval(function(){settimeleft()},1000);
```

SebD
