Description

I am pretty sure this is a regression. I didn't notice this before

Clicking on this link:

Should take me to the comment "This is what I see". But instead the comment "I agree with you Gary " is at the top of the page

Multiple new comments,
including

1. Re-opening
2. Mentioned on IRC
yesterday
3. Related issue?
4. This is what I see
5. no magic
6. no magic
7. we have to deal with the
unexpected situation
8. navbar_fixed-top
unreverted
9. I agree with you Gary
10. Suite perspective
updated

Solution

Hope r52426 helps - was always like this i think, the comment would be scrolled to the bottom of the window, but with that many comments it was very confusing.

Hi Marc Laporte,

It seems the issue can't be reproduced anywhere and all looks fine & good.

Thanks.
