Description
> Hi:
> I've edited a tracker item, with a few changes in the same go (in case it matters):
>
> - added some categories
> - added content to a text area (Solution)
> - and changed status from open to closed
>
> History doesn't show the contents I added to the text area "solution". See it reproduced here:

It seems that current server setup require links to be made with https instead of http, and that link pointed to a forum post with just http. See: https://tiki.org/tiki-pagehistory.php?page=Versions&oldver=6 Thanks for reporting. Please, feel free to fix any other issue like this that you find in *.t.o sites.
