### Description

PluginAnnotation missplaces boxes in Tiki14 compared to Tiki12.

Issue reproduced here:

<https://doc.tiki.org/PluginAnnotation+example>

Log in as Registered, and try to add a box somewhere in the image, you will see the red box drown somewhere else (missplaced to the right of your cursor).

See it working as expected in Tiki12 (reproduced in a show instance here):

<http://xavi-9794-5777.show.tikiwiki.org/tiki-index.php?page=HomePage>
