Description
Fixing r58885 in branches/15.x/templates/tracker_filter.tpl ([FIX]Fix serurl links for tracker status in the filter bar.) I noticed that in 15.x there is no visual indication of which tracker item status filters are applied at any given time Some circle, of background, underline or something?

In addition, when you print in paper in Black and White, you have no clue which status correspond to each item. I solved this issue in the past by means of slightly modifying the gif image to indicate an "x" for closed and a minus sign "-" for pending. How can this be done in the Bootstrap era?

See it reproduced here:
