Description

Google ReCaptcha is displayed in english only.

This is wrong, it should use the selected language by the page (tiki) and be displayed in the corresponding language.

<https://developers.google.com/recaptcha/docs/language>

You can test and check at : <http://bsfez-11581-6186.show.tikiwiki.org/tiki-register.php>

Change the language, the recaptcha stays in english.
