Description
We get

Indexing failed while processing "5578" (type comment) with the error "analyzer [sortable] not found for field [sort]"

on this site.

Hmm, temporary issue? Seems gone after couple of seconds I filled this bug report.

Ah, nope, just replaced by "all shards failed" error while saving this bug report now.

If this was seen here on dev yesterday then it was a problem on the elastic search server (logs files
had filled the disc up i believe)
Seems fine now...
