### Description

Not possible to switch editor for the text area field in tracker

I set an instance.

Go to trackers => Contacts

Create an item (or use the existing one) with a text area field, toolbar = yes

Switch the "Bio" field from the wiki editor to the other.

Error "No tracker indicated".

I tried the other way around but get a different issue.

I changed the text area field setting to use wysiwyg = yes

It displays ok, BUT I have to way to switch to Wiki.

I checked the toolbar and the tool is there.

So It look like it is missing on the wysiwyg toolbar when using trackers.

Have a fix ready for after 18.0 release (just hiding the toolbar button)
