### Description

Today button on date pickers not using time as well does nothing

### Solution

I think i fixed this ages ago and forgot to update here, so it's definitely fine in 21.x and 18.x, probably ok in 20.x, so i think can be closed (but would like confirmation, thanks)

I guess that "1.8.x" should be "18.x", an error I also made more than once 😊
