- ✖ Edit plugin helper icons stopped working on tiki.org

Description

Tested on nextdev using Chrome and Safari:

Nothing happen when you insert a plugin using the "help" tab.

Nothing happen when you click on the edit icon of an existing plugin (the puzzle icons).

We don't have a "21.x Regression" category for the version.

May be is was omitted on purpose (I see a 22.x) and I was wondering if we still really need those.

Thanks I understand we still need those. 😊

Bernard Sfez / Tiki Specialist 24 Feb 20 17:54 GMT-0000

Thank you Jonny, seems fixed (on next at least).
