### Description

Does anyone know of a migration script / strategy for moving tiki forums from one Tiki to another?

I want to move this Galaxia forum:

[http://tikiwiki.org/tiki-view\\_forum.php?forumId=11](http://tikiwiki.org/tiki-view_forum.php?forumId=11)

to:

<http://workflow.tikiwiki.org/>

The themes forum

[http://tikiwiki.org/tiki-view\\_forum.php?forumId=14](http://tikiwiki.org/tiki-view_forum.php?forumId=14)

to:

<http://themes.tikiwiki.org/>

And the Multilingual/i18n <tiki-view\_forum.php?forumId=13> forum:

[http://tikiwiki.org/tiki-view\\_forum.php?forumId=13](http://tikiwiki.org/tiki-view_forum.php?forumId=13)

[http://tikiwiki.org/tiki-view\\_forum.php?forumId=10](http://tikiwiki.org/tiki-view_forum.php?forumId=10)

[http://tikiwiki.org/tiki-view\\_forum.php?forumId=15](http://tikiwiki.org/tiki-view_forum.php?forumId=15)

[http://tikiwiki.org/tiki-view\\_forum.php?forumId=7](http://tikiwiki.org/tiki-view_forum.php?forumId=7)

[http://tikiwiki.org/tiki-view\\_forum.php?forumId=8](http://tikiwiki.org/tiki-view_forum.php?forumId=8)

[http://tikiwiki.org/tiki-view\\_forum.php?forumId=9](http://tikiwiki.org/tiki-view_forum.php?forumId=9)

[http://tikiwiki.org/tiki-view\\_forum.php?forumId=16](http://tikiwiki.org/tiki-view_forum.php?forumId=16)

to an eventual i18n.tikiwiki.org

## Solution

See 1.9-BRANCH under doc/devtools/tiki\_forum\_migration.php and read the script preamble. Will require some manual changes to configure the script, but otherwise will migrate forums from one/same server to another. It is interactive and runs as a CGI, but not within the tiki environment. Next <span style="color:black;background-color:#ffff66;">version</span> will integrate with Tiki somehow.
