Description
These settings:
Theme:
Slideshows theme:
here: tiki-admin.php?page=general

And these ones:
Theme Control
General Layout options (all)
Edit Templates
Edit CSS
Tiki Template Viewing
Use Tabs
here: tiki-admin.php?page=features
And this one:
Reg. users can change theme:
here: tiki-admin.php?page=login

Should be added to a new admin tab "Theme & Layout":
tiki-admin.php?page=theme

IMHO, it is OK for options/settings to be in more than one admin panel, if relevant to both.
