Comment

Related: Karma

Other wishes:

- 9x: can't use plugin helper when posting a comment. Click question mark and try to use the CODE plugin.
- 9x: can't edit comments anymore (was possible in previous versions of Tiki)
  - Was re-added later.
- tiki-user_information.php is missing tracker comments.
- WYSIWYCA for Karma related things (filters, etc.).
- New comments admin panel done in Tiki6.
- Trunk 2009-10-12: comment filtering: Style is always threaded.
- Trunk 2009-10-12: comment filtering: Add a threshold to show (now hard coded to 10).
- Trunk 2010-09-08: for anon comments, it asks email, but it should specify that this email will not be made public.
  - Could be nice to tie this into watch - planned for Tiki7.
- Trunk 2010-09-08: If I make a comment on a page "Hello", after saving I am sent to tiki-index.php#comments instead of tiki-Hello#comments (so I can mail the URL to a friend).
- tiki-list_comments.php is missing tracker comments (9.0).
- users/admins can't edit comments.
