# RSS in Tiki8

RSS feeds need a clean-up for consistency.

1- These three lists are not consistent:

templates/modules/mod-rsslist.tpl

templates/header.tpl

templates/admin/include\_rss.tpl

2- Lists should offer direct access to RSS feed for each

Checking permissions and that feature is activated, it should be listed in places like:

tiki-list\_blogs.php

tiki-forums.php

3- maps RSS

needs to be reviewed: I don't see a use case for this.
