

References

Local reference handling has been added to Tiki (23 Apr 12). Please see <http://doc.tiki.org/References> for the documentation.

Suggested Improvements

- ~~Move the feature on/off setting from "Features" to "Wiki"~~
- ~~Activate/Deactivate reference plugins by along with the feature_references setting~~
- ~~Add the reference plugins to the toolbar, when feature_references is enabled. Remove them when it is disabled.~~
