Tiki28

Tiki 28.0 will be released in October 2024.

It is a Standard Term Support (STS) version and will be supported until Tiki 29.1 is released as per the Tiki lifecycle policy

Since this is a post-LTS, it is expected to have major changes.

Potential development

- As of 2023, work is ongoing on Smarty 5, and would be a good candidate for Tiki28.
