

# WYSIWTSN

Concept coined in during [TikiFestBarcelona](#) by Xavi.

## What You See Is What (You Want) To See Now

Common pronunciation: "WizzyWatson" ;)

Unlike [WYSIWYCA](#), WYSIWTSN is driven by user motivation. It's meant to allow for larger Tiki installations broken down into workspaces using [Perspectives](#).

Previously known as [WYSIWYWSN](#) or [WYSIWYWTSN](#).
