

# Social Networking

[Tikifest Workspace and Social Networking](#) Friday July 31th to Sunday August 9th (10 days long) in Barcelona, SPAIN.

## About

---

While Tiki has a "friendship" feature, it is so basic, that it is practically "missing". What is missing is proper Social Networking with "transactions" between community members (Ex.: [hospitality exchange network](#), carpooling, dating service, etc) with reputation system. Something like LinkedIn, Facebook or the [www.phpbeer.com](http://www.phpbeer.com) project.

## Who

- Yan Levasseur
- Marc Laporte
- luci
- Shawn Adler
- Alexander 'amette' Mette

## What

Please see:

[http://en.wikipedia.org/wiki/Social\\_networking](http://en.wikipedia.org/wiki/Social_networking)

## Examples of Use Cases

- Use Tiki to build a SN Community website
- Use Tiki to connect with other SN websites and services
- Job board
- Dating site
- Hospitality exchange
- Car Pooling
- Business Directory - Offer Personal Services (programming, consulting, etc) & also with the ability to market products with links to other shopping carts and websites where visitors can click through and buy from this vendor online.
- Exchange market of offers and demands (objects, and knowledge; with no money):  
<http://intercanvis.net>

please, feel free to brainstorm your Ideas and Wishes what Tiki should make possible with SN here:
