Description

with latest cvs updates in our site (1.9.7 -> 1.9.8cvs), and at least when logged in, the module workspace calendar (from Mod AulaWiki) is showing those lines between module "workspace members" and "workspace calendar":

```
Warning: Missing argument 2 for date_format() in /home/httpd/tiki19/lib/tikilib.php on line 6307
Warning: Missing argument 2 for date_format() in /home/httpd/tiki19/lib/tikilib.php on line 6307
Warning: Missing argument 2 for date_format() in /home/httpd/tiki19/lib/tikilib.php on line 6307
```

Example:

<http://www.moviments.net/cursos/ws100>

And the date in workspace calendar is from 1970, when it used to be the present date.
