Description
When there are multiple headers of the same text, for example:

Windows Media Player

stuff about WMP

Platform availability

WMP is available in these platforms....

Adobe Reader

stuff about WMP

Platform availability

Adobe Reader is available in these platforms....

The links by maketoc all point to the first instance of Platform availability. This is not correct.

Table of contents

- Windows Media Player
  - Platform availability
- Adobe Reader
  - Platform availability
