MySQL error when administering trackers

Status

 Pending

Subject

MySQL error when administering trackers

Version

1.9.x

Category

- Error

Feature

Database MySQL (MyISAM)

Administration

Trackers

Submitted by

Marc Laporte

Rating

★★★★★ (0) 

Description

This happened after saving http://dev.tikiwiki.org/tiki-admin_trackers.php?trackerId=5 where I had checked "and display attachments in listing?" (sub-option of Tracker items allow attachments?). I was unable to reproduce thereafter.

However, I noticed after that the ratings column had moved from first (left-hand side) to last (right-hand side).
