Description

This would permit us to have stats about TikiWiki usage.

This idea is from [Philippe Gamache](#) and [Damien SÃ©guy](#)

We could suggest to other cms/forums/wiki engines, etc to use similar headers

I'd like a way to allow us to edit both of these to specify the tag and the values. The admin pages allow you to edit certain meta tags, but they are all predefined. Let me click "add" to add a new tag & value.
