Related-to

- 🟡 Incompatibility between Find and tablesorter on tiki-listpages.php
- 🗳️ tablesorter conflicts with the search module searching on pages (tiki-listpages.php)

Description

Very strange issue. Not sure if it's a regression.

Workaround: give tiki_p_view in addition to tiki_p_admin_wiki

I have seen similar issues with trackers. You need to give view in addition to admin.
