It is still broken in TikiWiki 2.2.

There is wrong incrementation in tiki-browse_image.php (in 2.2. it's on line 144).

```
$smarty-&gt;assign(&#039;nextimg&#039;, $listImgId[$offset+2]);
```

After simple fix it'll be working well

```
$smarty-&gt;assign(&#039;nextimg&#039;, $listImgId[$offset+1]);
```

Anybody from Tiki team able to fix it?

Cheers, pm
