Description

Selecting Top Bar and Bottom Bar doesn't seem to enable either of my templates.

I commented out the if statement in the tiki.tpl:

```
{*if $feature_top_bar eq 'y'*}
```

```
<div id="tiki-top"> missing page for plugin INCLUDE
```

```
</div>
```

```
{*/if*}
```

-- and --

```
{*if $feature_bot_bar eq 'y'*}
```

```
<div id="tiki-bot"> missing page for plugin INCLUDE
```

```
</div>
```

```
{*/if*}
```

Now both templates are working.
