### Description

I seem to be watching the page  
<http://doc.tikiwiki.org/tiki-index.php?page=Editorial+Board+Meeting+2009+06> but have not  
recieved an e-mail for changes after 10 June 09 18:13 CEST

This is especially unfortunate for a page like this, where communication somewhat depends on users  
being informed of changes.

### Solution

The system should send emails as it did before.
