Paging in the File Gallery does not work

Status

 Pending

Subject

Paging in the File Gallery does not work

Version

3.x

Category

- Consistency

Feature

File Gallery (elFinder or standard UI)

Resolution status

Please retest

Submitted by

wimvincken

Lastmod by

Description

The file gallery displays great, except that it does not browse with the page numbers, neither the paging arrows (next page, last page).

Solution

Temporary I advice users to change the number of items display per page

Workaround

Please retest in Tiki 3.1, since it seems fixed there (or works for me, at least).
