Subject

Allow to delete old non-valid registration requests + re-sending confirmation link to many users

Version

4.x

Category

- Usability
- Dogfood on a *.tiki.org site

Feature

User Administration (Registration, Login & Banning)

Submitted by

Xavier de Pedro

Rating

★★★★★ (0) ?

Related-to

- ● tiki-adminusers.php should show which users are validated

Description

Wishes:

1. Option to allow deleting any user that was registered more than N days ago, and who still hasn't passed the email validation step and/or the admin approval stage. Or through multiple selection of those users and click on "action on selected" delete. (ionce they are properly filterable). Wish from Alain.

2. Option to resend the confirmation email to the selected users

(in one server where we had intruders from time to time, and sys admins blocked php mailing for weeks, many users probably didn't get the validation email... And nowadays, I don't know how to split myself the requests by bots from the real users willing to join. I recently discovered (after upgrading to tiki 4.1 las week), that that site accumulated more than 100+ users like this...., among 500+ users in total. Wish from Xavi.
