Description
Sorry I cannot find "wiki-pages" to check in the report-a-bug-form.

1. I edit a wiki page
2. I move the mouse over the save button
3.! I get a help-cursor and the text in the textarea scrolls to the very bottom
4.! I click on save, but nothing happens

I got this behavior REV 24514 and on your REV 24503

I get the same behavior on Firefox, Chrome and WinXP-Safari.

best regards
Thomas
