Perhaps I am stupid, but the title is not enough for me. Why must cookies be longer.  
The system limitation is 4kb . One solution has been begun in  
<http://tikiwiki.org/tiki-index.php?page=CookieMonster>  
It needs to be finished but first must know when the cookies were not enough llarge

I meant the fortune cookies! 😊  
Sorry for the confusion! 😊  
I updated the title!
