Description

The full screen button in the new interface at Tiki5 for wiki page edition doesn't keep the full screen mode more than a few seconds.

Reproduced with Google Chrome 5.0.x and Firefox 3.6.6 on GNU/Linux.

Example here:

<http://tikiwiki.org/tiki-editpage.php?page=TikiFestBarcelona2>

Solution

Works for me in 11.x at least.

Easy to solve?
