Description

categories

Add objects to category

ad page only shows first 25 pages

If you want to ad multiple pages to a category and they are outside those 25 pages it is posible to search them with filter but you will need to search those pages one by one to ad them.

Seems filter part of page name gives 0 results.

Workaround

Admin -> Look & Feel - Pagination links - Maximum number of records in listings:

Changed 25 to 500 to show more pages
