### Description

In the Menu is an option "Dump" under "Wiki", if you enabled that feature. The link just points to the .tar - what gives a 404 from the Web-server.

### Solution

Put more logic behind it, give an error message in Mid-column to "Contact the admin to create a dump".

I removed this buggy feature from default install in Tiki 1.9.3.1

Bernard Sfez / Tiki Specialist 30 Sep 21 12:36 GMT-0000

As per Tiki23 this function was removed.
