Parsing issues in wiki HTML pages

Status

● Open

Subject

Parsing issues in wiki HTML pages

Version

7.x

Category

- Regression

Feature

Wiki Syntax (text area, parser, external wiki, etc)

Submitted by

mheller

Lastmod by

Rating

★★★★★ (0) ?

Description

1. The [[syntax acts just like [on wiki pages with HTML enabled
2. The HTML character entity < is treated just like < on wiki pages with HTML enabled if not followed by a space

Workaround

As if 7.x 33844, the following are true for wiki pages with HTML enabled:

1. You can substitute [[[for [[in some locations to fix this problem
2. You can substitute [for [[in other locations to fix this problem
3. You can substitute < (remove trailing ;) for <; to fix this problem
