Description
by calling: tiki-user_preferences.php

the input field for city/town is missing ... and a bigger blank space is shown up at its place.

Installed Tiki Version: 7.x (SVN)

Screenshot

Solution
activate javascript for openlayers.org ;)

Can you try:
https://tiki.org/tiki-user_preferences.php

SiL3NC3 12 Jun 11 14:02 GMT-0000

is not working because openlayers.org not allowed for javascript. after activating javascript for openlayers.org the map comes up.

any option to set, if i just want to have a input field?
