### Description

It would be nice to be able to select a perspective depending on the current content's categories and their respective jails.

I have made a hack that achieves this, but it would be nice to have it implemented as a feature. I described my hack and included the code here:

<https://dev.tiki.org/lookup+perspective+according+to+category+IDs>

### Solution

<https://dev.tiki.org/lookup+perspective+according+to+category+IDs> <- can be seen here.
