### Subject

No warning about shoutbox messages being too long

### Version

7.x

### Category

- Usability

### Feature

Shoutbox

### Resolution status

New

### Rating

★★★★★ (0) ?

### Description

Some users of an installation of Tiki 7.1 report they're not warned about shoutbox messages being too long, thus their messages are simply cut off rather than they're warned.

This was particularly reported for Firefox 6.0.2 on Windows XP Pro.

Others observe the warning is properly displayed with Seamonkey, Epiphany, or Firefox on Fedora 14 Linux with the GNOME Desktop V2.
