Description
In tiki-admin.php?page=sefurl, we have

- Display blog title in the sefurl
- Display article title in the sefurl

which is really nice.

Even better would be to also have:

- Display tracker item title in the sefurl

So
https://dev.tiki.org/item1000
becomes:
https://dev.tiki.org/item1000-Tracker-mail-in-in-addition-to-forum-wiki-articles
