Description
On dev.tiki.org

If I delete a tracker item, the notification email is entitled:

"Bugs & Wish list" item "" was modified at dev.tiki.org by "Marc Laporte"

1- So it's missing the description of the wish

2- The content is

ItemID 2855 was deleted in the tracker Bugs & Wish list

Author: Marc Laporte
Date: 07:40 UTC
So, it's missing the last info before it was deleted. What's the point of watching if I don't get a copy before it's deleted?
