Related-to

- Tracker Email Field does not notify on 'watch closed'; on Tiki 13.1

Description

Tiki does not send out e-mail notification when tracker items are closed. They do get sent when set to pending.  
  
Found that Tiki 9.x (9.0->9.4) has this issue.

Solution

Change line 56 in tiki\lib\core\Tracker\Field\Simple.php to as read 'watchclosed' instead of 'watchopen':

```
patch
-----
```

```
'watchclosed' => array( 'name' => tr('Watch Closed'), 'description' => tr('Notify this address every time the status changes to closed.'), 'filter' => 'alpha', 'options' => array( 'No' => tr('No'), 'Yes' => tr('Yes') ),
```
