### Description

There is no bug since you need to use blog post as the filter type. With that being said, there should be that option when using the Plugin. Currently it only shows blog

---

Using the category plugin:

```
{category id="2"}
```

correctly shows blog posts in the category.

But... using

```
{category id="2" types="blog"}
```

does not!

See SHOW instance

### Solution

updated the documention and also added blog post as example in Plugin Type

Revision: 47167

Have you tried with "blogpost" or "blog post"?

Rick Sapir / Tiki for Smarties 16 Aug 13 12:12 GMT-0000

Neither "blogpost" nor "blog post" are valid.

Looking at `get_categoryobjects` function in `catelib`, only the following tokens are valid:

```
$typetokens = array(
"article" => "article",
"blog" => "blog",
"directory" => "directory",
"faq" => "faq",
"fgal" => "file gallery",
```

```
"forum" => "forum",
"igal" => "image gallery",
"newsletter" => "newsletter",
"poll" => "poll",
"quiz" => "quiz",
"survey" => "survey",
"tracker" => "tracker",
"wiki" => "wiki page",
"calendar" => "calendar",
"img" => "image"
```

Louis-Philippe Huberdeau 16 Aug 13 12:25 GMT-0000

Trunk has these:

```
$typetokens = array(
    "article" => "article",
    "blog" => "blog",
    "blog post" => "blog post",
    "directory" => "directory",
    "faq" => "faq",
    "fgal" => "file gallery",
    "forum" => "forum",
    "igal" => "image gallery",
    "newsletter" => "newsletter",
    "poll" => "poll",
    "quiz" => "quiz",
    "survey" => "survey",
    "tracker" => "tracker",
    "wiki" => "wiki page",
    "calendar" => "calendar",
    "img" => "image"
); //get_strings
tra("article");tra("blog");tra("directory");tra("faq");tra("file
gallery");tra("forum");tra("image gallery");tra("newsletter");
//get_strings
tra("poll");tra("quiz");tra("survey");tra("tracker");tra("wiki
page");tra("image");tra("calendar");

$typetitles = array(
    "article" => "Articles",
    "blog" => "Blogs",
    "blog post" => "Blog Post",
    "directory" => "Directories",
    "faq" => "FAQs",
    "file gallery" => "File Galleries",
    "forum" => "Forums",
    "image gallery" => "Image Galleries",
    "newsletter" => "Newsletters",
    "poll" => "Polls",
    "quiz" => "Quizzes",
    "survey" => "Surveys",
    "tracker" => "Trackers",
    "wiki page" => "Wiki",
    "calendar" => "Calendar",
    "image" => "Image"
```

);
