@Marc: I think the problem you see is due to bootstrap problem in handling nested tabs. Mani's commit looks fine to me.

@Nelson: Perfect. Closing. Will add Nested tab issue to Bootstrap tracker. I just backported to 12.x

Hi Marc,

I think what you are seeing with the messed up tabs is due to bootstrap's inability to handle our nested tabs. Not sure if this is because we did not provide enough info to make it work or if it is just not possible.

Hi Mani, can you backport your r48350 to 12.x? Thanks
